

CALLIDUS TECHNOLOGIES

by Honeywell

Callidus Burner School - Agenda Topics May 11 and 12, 2010

Please note that this is a general outline and changes may be made at any time.

Day 1 - At Callidus Test Facility

Bus leaves hotel
Arrive at test facility / breakfast
Introduction
Basic Combustion and General Heater Operation
General Burner Design

Break

CRG Demo

Lunch

Low NOx Burner Design
CUBL Demo
Refinery Heater Applications

Break

Cracking Furnace Burner Technology
Pre-mix Demo
Bus leaves from Callidus to hotel
Freshen up / relax @ hotel
Bus leaves from hotel for dinner

Day 2 – At Callidus Test Facility

Bus leaves hotel
Arrive at test facility / breakfast
CUB-LX Burner Technology
Reformer Furnace Burner Technology

Break

Computational Fluid Dynamics (CFD Modeling)
Burner Trouble Shooting

Lunch

Pilot Technology
Misc. Burner Design Considerations
Tour of Manufacturing Plant
Class Adjourn
